

## CATERING CONSULTANTS TO VISITOR ATTRACTIONS, CONFERENCE VENUES AND HOSPITALITY OPERATIONS

### STATELY HOMES AND ESTATES

are modern visitor attractions increasingly aware that their catering experience has to match the quality of their house treasures. We have particular experience in this field and have worked on assignments with Holkham, Somerleyton, Woburn, Beaulieu, Doddington Hall, Mapledurham, Fitzwilliam Malton, Caerlaverock and Waddesdon. At Goodwood we continue to support the Hospitality team in planning the outdoor events Festival of Speed, Revival, Members' Meeting and at their celebrated Racecourse.

### CLUBS

We have assisted the Honourable Artillery Company with their catering tender this year and The In & Out, Naval and Military Club with a catering review.

### DOWN ON THE FARM

Down on the farm there are attractions that want to develop their catering from good to great. The trade organisations National Farm Attraction Network and FARMA use us to provide workshops and training sessions. Cotswold Farm Park, Sacrewell, Bluebell Dairy, Pink Pig Farm and Cogges Manor Farm have all been clients. A special mention to Fordhall Farm in Shropshire – we were so impressed with its 8,000 landlords: 1 Farmer and social mission that we have become a landlord owner too.

### GARDEN CENTRES

The Garden Centre Association has chosen ten garden centre cafe Rising Stars to develop in a series of master-classes and we have conducted the sessions and mentored this fabulous group of young people. The final four present at the GCA Conference in 2019.

### GALLERIES AND MUSEUMS

Attractions such as galleries and museums continue to work with us given our experience in this sector. We have provided advice to The Royal Armouries in Leeds during the first tender for their catering and events business.

### WORK PLACE CATERING

The fast moving sector that is work place catering is as demanding as ever, as clients and their staff are seeking more innovation, more choice, healthier eating and food on the go. Throughout this year we have been assisting clients in the finance, property, utilities and communications sector from the Financial Conduct Authority to The Crown Estate.
